

CORRECTIONS FOR THETA MATHEMATICS WORKBOOK (4th Edition first published 2011) 2013 PRINTING (as at 5 November 2013)

ISBN: 978-1-4425-4949-4

These include all mathematical corrections but do not include presentational errors. Pearson's policy is to correct all known errors whenever a textbook is reprinted, so that all errors reported from previous printings have been corrected.

The corrections given are for the most recent printing. To receive a list of corrections for an earlier printing of this text (as an attached Word file) please email [feedback@mathematics.co.nz](mailto:feedback@mathematics.co.nz). with details of the year the text was printed. This information is inside the front or back cover.

p85 Ex 13.13 #6 change  $a^2 + b^2 = c^2 + d^2$  to  $a^2 + d^2 = b^2 + c^2$

p132 Ex 23.06 #4: the cost function should be  $C(x) = 15\,000 + 0.8x + 0.0004x^2$ .
