For  
Māori / English  
forms call  
0800 236 787

Filling in census forms is required by law. Census information is needed for planning vital public services such as education, health, housing, and transport. It is also used to help understand how our society changes over time.

The information you provide must be kept confidential by Statistics New Zealand and is protected by the Statistics Act 1975. Census information can only be used for statistical purposes.

The Public Records Act 2005 requires census forms be retained. After 100 years census forms may be made available for research that meets the confidentiality requirements of the Statistics Act.

We will also use census responses to select people for two surveys after the census.

Thank you for your time and effort.
